

THERANEXUS PUBLISHES ITS CASH POSITION AS OF 30 JUNE 2022

Lyon, France – 12 July 2022 – 6 pm CEST – Theranexus, a biopharmaceutical company innovating in the treatment of neurological diseases and pioneer in the development of drug candidates modulating the interaction between neurons and glial cells (the "**Company**"), today announces its cash position as at 30 June 2022.

Total available funds on 30 June 2022 stood at €11.6 M, compared with €12.5 M on 31 December 2021. The cash level has evolved in line with the company's expectations during the first six months of fiscal 2022 and provides the company with more than 18 months of financial visibility. This healthy financial situation validates the decision to definitively terminate in April 2022 the equity financing line that was set up with Iris Capital in January of the same year.
